DFE PERFORMANCE TABLES 2018 AND 2019

9th July 2021

**Thank
YOU**

Dear Parents,

As we reach the end of an unexpected week of remote learning and isolation for our children, families and staff I would like to say a huge thank you all for your continued support and understanding.

Despite having to stay at home, our children have shone this week showing our school values of responsibility, respect and friendship in so many ways. A particular highlight was the Charleton Pet Show yesterday. I was delighted to see such a range of creatures joining us including cats, chickens, dogs, mice, fish and guinea pigs. I hope that these moments when we can all be together virtually have helped to add some fun to an otherwise difficult week.

Mrs Jeffery and our teachers have been busily rearranging all of the events that we had planned for the end of term. Please see the new dates below.

Date	Event	
Monday 12th July	Parent Consultations this week	
Tuesday 13th July	BACK TO SCHOOL!!	
Tuesday 14th July	Shuffle up Morning	Year 6 KCC transition morning
Thursday 15th July	Year 6 Beach Trip Torcross	

Charleton C of E Academy
West Charleton, Kingsbridge,
Devon, TQ7 2AL
T: 01548 531275 E: charleton@lapsw.org
W: charleton-lap.co.uk

TOGETHER WE EMPOWER EXCELLENCE

Friday 16th July	Croft Welly Walk and Den building	
Monday 19th July	Sports Day	
Wednesday 21st July	Year 6 FAB Day	
Thursday 22nd July	Year 6 Leavers 1.30pm	

Testing and Isolating

As children and staff could still test positive for Covid 19 please continue to isolate and test. I've copied the information shared earlier in the week below for your reference.

Although the numbers of cases are still relatively small we all need to remain vigilant and continue to isolate and test in particular as, in some cases, children are showing no symptoms of the virus but have tested positive.

We know that you may find this concerning but we are continuing to monitor the situation and are working closely with the Public Health Team, Devon LEA and the Department for Education who are confident that we have taken swift and appropriate action to control the situation. This letter is to inform you of the current situation and provide advice on how to support your child. Please be reassured that for most people, coronavirus (COVID-19) will be a mild illness.

What to do if your child develops symptoms of COVID 19

If your child develops symptoms of COVID-19, they should remain at home for at least 10 days from the date when their symptoms appeared. Anyone with symptoms will be eligible for testing and this can be arranged via <https://www.nhs.uk/ask-for-a-coronavirus-test> or by calling 119.

All other household members who remain well, must stay at home and not leave the house for 10 days. This includes anyone in your 'Support Bubble'.

The 10 day period starts from the day when the first person in the house became ill.

Household members should not go to work, school or public areas and exercise should be taken within the home. If you require help with buying groceries, other shopping or picking up medication, or walking a dog, you should ask friends or family. Alternatively, you can order your shopping online and medication by phone or online. Household members staying at home for 10 days will greatly reduce the overall amount of infection the household could pass on to others in the community.

If you are able, move any vulnerable individuals (such as the elderly and those with underlying health

conditions) out of your home, to stay with friends or family for the duration of the home isolation period.

Symptoms

The most common symptoms of coronavirus (COVID-19) are recent onset of:

- a new continuous cough
- a high temperature
- a loss of, or change in, your normal sense of taste or smell (anosmia)

For most people, coronavirus (COVID-19) will be a mild illness.

How to stop COVID-19 spreading

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19

Do:

- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze • put used tissues in the bin immediately and wash your hands afterwards

Further information is available at <https://www.nhs.uk/conditions/coronavirus-covid-19/>

As ever, we are very grateful for your partnership and support at this time and for your support with reporting positive cases to the school.

Please do not hesitate to email the school on charleton@lapsw.org if you have any questions or concerns and we will call you back. If you have an urgent query please call All Saints Thurlestone on 01548 560494 to speak to a member of our administration team.

Best wishes,

Miss Coombe
