

### Reading

The children have received reading books and reading diaries, reading should be completed at least three times a week and recorded, I will check on Friday and give out some special stickers: D

### PE

We have our PE lessons on a Friday, please come in wearing your kits on these days 😊

### Forest school

Our forest school sessions are: Wednesdays- 29 Sept, 13 Oct, 3, 17 Nov, 1, 15 Dec, please wear appropriate forest school clothing on these days including wellies and waterproofs.

### Homework ( 2 weeks )

Our topic in History this term is Romans in the South West, could you make a Roman shield to display in the classroom?

We have been practicing our handwriting using this video so you can try at home if you want [Cursive Handwriting - How to Write the Alphabet - With Instructions - YouTube](#)

**Ryan** for such a great attitude to learning this week

**Value of the Week- Osgar** for showing the value of friendship by helping people with their work

**Rockstar of the week-** Primrose

**Numbotter of the week-** Oliver

Our attendance last week was 98%  
Well done Goodshelter - lets keep this up!

Dear parents,

What a brilliant second week back, oh my we have been so busy in Goodshelter!

In Science this week the year 3's and 4's started their new topic on plants, we discussed different uses for plants including medicine and food. We also talked about how some plants are edible and some are now. After that we became botanical artists, using some inspiration from famous botanical artist Pierre Jean Francois Turpin we drew our very own flowers making sure we really focused on the detail and annotated using scientific vocabulary. The year 2's went to have their science lesson with Mrs Brown where they started their topic on seasons, they drew what happens in each of the four seasons.

In Geography this week we have been learning all about counties and cities. We used our atlases to find Europe, England and then Devon. We learnt some names of the different counties in England and then had a go at labelling them ourselves.

We have started our new unit of maths this week, which is place value, year 2's have been using their place value knowledge to count in tens and identify tens in different representations. Year 3's has been looking at 100's and how they can split 100 in different ways.

Have a lovely and restful weekend.

Miss Alen
