Remember to keep practising your times table skills to be super fast Mathematicians

Thursday Lunch

On Thursday we have a special Italian themed

lunch! The children will be asked for their favourite pizza and lunch will be ordered for them. There will also be Jacket Potatoes on offer and an Italian themed pudding!

Star of the week

Jaimie Beau for his fantastic maths skills.

Value of the Week

For responsibility, Neevie King for looking after the younger children in family groups.

Attendance

Our attendance last week was 91.5% Lets see if we can improve on this for next week!

Dear All,

I have been so proud of Croft this week, we have been learning all about rounding, ordering and comparing numbers. They have worked so hard and are now extremely competent in understanding number. Well done!

As Geographers, we have been practising our mapping skills. We used atlases and maps from the internet to study our county of Devon, then we translated major topographical features on to a blank map. We used a contour relief map to identify which areas were Dartmoor and which were Exmoor. We understood that it is land that is the highest level above sea level.

How fabulous to have Pete Moore back for Forest and Beach and to be blessed with the only sunny day this week. Pete explained the benefits of leaving our Forest School area a little wild and overgrown, which was to increase biodiversity. As if to answer him, a little vole popped out by the fire pit to have a look. But when greeted by so many faces, scurried quickly away again. There was plenty of other wildlife to focus on too, many insects, a comma butterfly and a pigeon, who looked in extremely good health.

The girls in Croft have had a great success, with the creation of their netball club. Inspired by the lessons from Miss Worden, they made posters to drum up support and had a huge turnout on Thursday lunchtime. Many thanks too to Mrs Norton who supervised the club.

Have a lovely Weekend
Miss Wright
