## Attendance

The Family Support Team are working hard to support children and families to achieve the very best outcomes in their attendance and attainment. We have very high expectations regarding attendance and punctuality which we believe our children and families deserve. We monitor the punctuality of children arriving at school daily and will discuss any concerns or support needs at the time of the lateness. We offer immediate advice and guidance regarding amending morning routines via our 'Tip sheet which' has been designed for our families.

We will engage with families, including home visits to encourage children to attend school where appropriate and to use family attendance contracts which are completed with the child and parents, as an additional measure to the legal framework, to promote partnership working with families.

**FREE SCHOOL MEALS/SERVICE FAMILIES** – Some children are entitled to free school meals due to all kinds of personal circumstances. To see if you are eligible you can contact 'My Devon' on 0345 155 1019 for an immediate assessment or contact the office for advice. Free school meal entitlement and Service Families attract additional funding which is beneficial to your child's education, so please let the office know if you are entitled.
