HOME LEARNING

Home Learning:

Home learning consists of reading Maths and curriculum themed projects.

Reading

Reading is key to everything your child will do in school. At Charleton, we want our children to be confident readers with a love of books. Your support with reading is essential. This week your child will be bringing home their home/school reading diary. Children are expected to read at least four times a week with a parent. Please record the name of the book your child has read and the pages they have read.

Spellings

I have sent home the children some spellings that they can practice on the sheet and bring back to show me if they want 😊

Dear all,

I hope you have all had a lovely week.

What a fun week we have had in Goodshelter!

Yesterday we were joined by Dan Magness who taught us some very cool football tricks, we had a session with him outside as a class and taught us some of the tricks ourselves. We then had a whole school assembly where he showed us some of the skills, he can do himself, I'm sure lots of use have been practicing at home. It was so much fun!

In RE this week, we have been thinking more about the Easter Story, we had to order the events ourselves as a partner to show how much we had learnt last lesson. We were able to retell each part of the story in so much detail. We then talked about the meaning of Easter Eggs and why we eat them at Easter, we found the part of the story that linked to Easter Eggs

In Eco Club this week we had great fun making our own reusable patterns, there were some great designs on our bags. We are hoping we can make some more to sell to everyone

We have been having lots of fun practicing our times tables this week and have been using flash cards to test each other. We are currently practicing our 2's and 5's so maybe you could make some fun games to practice at home?

We have started to learn some basketball skills in our PE lesson with Miss Worden, so far we have learnt how to dribble with the ball correctly, including running and dribbling. We have also learnt some new rules that we have to use when playing a basketball game.

Have a lovely weekend.
Miss Alen

Star of the Week!

Star of the Week

Tym- For some outstanding sentences used in our sentence stacking lessons this week

Value- Anna for showing the value of responsibility and taking care of the classroom

EVERYday
counts
attendance matters

Attendance

Our attendance target is 98%
Last week's attendance was 89%
