# Start Point Class

Weekly Newsletter  
Friday 11<sup>th</sup> March 2022

## HOME LEARNING

In Start Point Class, our home learning is set through Tapestry for our Reception children, and via Google Classroom for the Year 1s.

**Reading in Start Point:** Reading is key to everything your little one will do in school, and we want every child to be confident readers with a love of books. Your support with reading at home is key to this. Your child will bring home their reading record along with their RWInc books. It is really important that they read their book at least three times a week with a grown up. Please make a note of any comments in their reading record and we will follow them up in class.

**RWInc reading books due in: Thursday**  
**Library reading books due in: Thursday**  
**New reading books: Friday**

**Year 1 Maths:** Explore Numbots and have a go at a couple of games...I wonder what your score will be!

### Tapestry Tuesdays!

It would be wonderful if you could all upload a photo from your adventures over the weekend for our Tapestry Tuesday! It doesn't need to be something extra special; it could just be a walk in the woods or even snuggling up for a family movie night.

**I can't wait to see!**

### Oxford Owl

You can access a range of ebooks linked to our RWInc sessions and lots of other fabulous stories by logging onto Oxford Owl for Home!

It is free to access all of the books, and there are also loads of different activities you could try at home too!

I'd love to see how you get on - feel free to share any photos or videos!

Dear all,

*We have had a fantastic week in Start Point this week!*

*As designers we thought about The London Eye, Tower Bridge and Big Ben and how they were designed. We created our own designs for these landmarks and discussed how and why they have different parts that move.*

*As historians we have continued with our learning about the Royal Family. We looked at The Queen's family tree again and talked about who is next in line in the line of succession.*

*As scientists we looked at whether the seeds we planted have grown and we talked about the similarities and differences between seeds and bulbs, also reminding ourselves what they need in order to grow into plants.*

*Yesterday we were joined by Dan Magness who taught us some very cool football tricks, we had a session with him outside as a class and taught us some of the tricks ourselves. We then had a whole school assembly where he showed us some of the skills, he can do himself, I'm sure lots of you have been practicing at home. It was so much fun!*

*Well done Start Point!*

Miss Lloyd

### Star of the Week!

### Star of the Week

*Matilda – for her positive attitude and for trying hard with her learning*  
**Values Award**

*Clark – for showing Responsibility by helping others and making decisions*

### Attendance
