Reading in Start Point

We will change reading books weekly and it would be great if you could listen to your child read at least 3 times a week. If you make a note in the reading record book your child will receive a reward! If they struggle with a word please help them 'sound out' the word by saying the smallest part of the word eg w-i-th. You can make it enjoyable by talking about the book eg "What do you think will happen? What would you do?"

Thank You Mrs Norton

RWinc reading books due in: Thursday

Library reading books due in: Thursday

New reading books: Friday

Dear all,

Another amazing week for weather. The children have enjoyed being outside as much as possible.

This Week in Start Point

As mathematicians, we have been learning about fractions. We have been dividing shapes into halves and quarters and dividing quantities by half and quarters. We are also continuing to count in 2's, 5's and 10's..

In PE with Miss Worden, we have been learning how to bat and bowl a ball ready to play rounders.

As scientists this week, Year 1 have learned about how animals adapt to their environment by using camouflage. We camouflaged butterflies and then we had to find them!

As designers, we have been thinking about the fruit we would like to have in our fruit salad and where the fruit comes from.

As artists we have just started a new topic about printing. We tried out printing with lots of different objects including our fingers and hands.

We have some caterpillars in the classroom that we are looking after. When they first arrived they were tiny and in just a few days they have doubled in size! They have now changed into chrysalis! We are looking forward to seeing them change into butterflies.

Have a wonderful weekend!

Mrs Carter and Miss Coombe

Oxford Owl

You can access a range of ebooks linked to our RWinc sessions and lots of other fabulous stories by logging onto Oxford Owl for Home!

It is free to access all of the books, and there are also loads of different activities you could try at home too!

I'd love to see how you get on - feel free to share any photos or videos!

Year 1 Maths: Explore Numbots and have a go at a couple of games...! wonder what your score will be!

Star of the Week!

The star of the week goes to **Noah** who has been showing resilience and independence when working on his own projects.

Value of the week goes to **Matilda** who shows the value of friendship when playing with the other children.

Attendance

Our attendance target is 98%

Last weeks attendance was 100%

Wow! Well done Start Point!
