Home Learning:

Home learning consists of reading Maths and curriculum-themed projects.

Reading

Reading is key to everything your child will do in school. At Charleton, we want our children to be confident readers and love books. Your support with reading is essential. This week your child will bring home their home/school reading diary. Children are expected to read at least four times a week with a parent. Please record the name of the book your child has read and the pages they have read.

Home Learning

Play costumes

Dear all,

This week in Goodshelter we have been poets and have created lots of different poems about summer. We have created a senses poem thinking about what we can see, hear, smell, touch and taste in the summer. We also created shape poems so using different shapes related to summer, we wrote our poems inside these shapes and then decorated them. Finally, we wrote acrostic poems using different words related to summer.

As mathematicians this week we have been practicing our basic skills by solving some different maths puzzles. We had to solve some clues using our addition and subtraction facts which was lots of fun!

As artists this week we have been using music to inspire us just like Kandinsky would have. We listened to some different music which represented different moods and drew along to it. It was really fun to see how our different moods changed the way we drew.

In RHE this week we have been thinking about internet safety and how to stay safe online. This week we were thinking about what information is not safe to share online and when you are playing online. We thought about why it might not be safe as well.

Have a lovely weekend.

Miss Alen

Rocco - For pushing himself in all subjects

Clark - For showing the value of respect and tidying the outdoor area

Attendance

Our attendance target is 98%
Last week's attendance was 96%
Let's try and improve next week!
