# Part A: Pupil premium strategy plan

## Statement of intent

*Our School Trust is committed to ensuring that every disadvantaged pupil receives the best possible education and that gaps in outcomes are closed in all key outcomes. We want our disadvantaged pupils to flourish in all aspects of their education. The disruption children and young people have faced to their education during the pandemic has been extensive nationally and will likely have profound consequences. Attainment and educational progress particularly for those disadvantaged has been affected, but so too has their emotional and social development.*

*This pupil premium strategy plan aims to close the considerable gaps in attainment as a result of the pandemic and mitigate the impact of the pandemic on children's lives.*

*The key principles of this strategy plan is to build sustainable, long-term support in order to overcome the barriers of:*

- *Rebuilding a culture of good attendance*
- *Support for the increasing number of families going into crisis*
- *Younger pupils (Early Years and KS1) and, in particular, Early Reading*

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils across our one school trust.

Challenge number	Detail of challenge
1	Attendance rates have fallen.
2	Gap has widened in all outcomes in early reading outcomes for eligible pupils
3	Gap has widened in Writing outcomes for eligible pupils
4	Significant increase in the number of eligible children and families going into crisis
5	Significant widening of gaps for younger eligible pupils (EYFS and KS1)

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current 3 year strategy plan**, and how we will measure whether they have been achieved.

## Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

### Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £589,420

Activity	Evidence that supports this approach	Challenge number(s) addressed
Embed a whole school trust approach to the development of early reading through increased rigour and data analysis of the bottom 20% at more regular intervals and targeted external support and CPD for all teachers of reading and coaching for reading leaders. ## Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £70,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Embed precision teaching and targeted coaching support in the teaching of early reading and maths through reading leader CPD/Development Days and incremental coaching with an early reading and fluency in Maths focus. Ensure that all teachers and support staff have the relevant professional development to ensure effective CPD	EEF guidance reports on effective teaching and 1:1 case studies Teacher Development Trust case studies Work as a National English Hub and PD leads in Maths Hubs EEF reports which state that all CPD must be regular and iterative.	2 and 4

## Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £107,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
Re-establish robust culture around good attendance through ensuring that an early approach for attendance is followed consistently which results in more children being in school more of the time.	Appointment of a Trust Director of Vulnerable Pupils and Inclusion to oversee and strategically drive the aspects of the Trust Strategic priorities around attendance and vulnerable pupils. Establish Best practice Trust Attendance Forums and fortnightly focused meetings in all schools.	1

## Part B: Review of outcomes in the previous academic year

### Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

*This is the second year of a Trust wide Pupil Premium Strategy. Evaluations for 2021/22 for all schools can be found on individual websites.*

*From 2022/23 schools will each evaluate the impact of the Pupil Premium Strategy individually and published.*

*The Trust evaluation for 2022-23 can be seen in the tables above.*

<b>Intended Outcomes</b>	<b>Impact</b>
<b>A culture of good attendance is re-established across the school trust</b>	<p>The school has a dedicated family support worker and attendance team who support our families at the time of need to build an increase in understanding of strong attendance, the effects of poor attendance on the child and helps to remove barriers for the family through the school or external early help where possible. Gaps are now beginning to close with overall attendance at national average currently. The school attendance team have worked to develop a clear strategy for tackling attendance across the school with fortnightly meetings to identify target pupils before they fall. The new attendance process starts with the class teacher in the first phase building up to a Team Around the Family phase for pupils who continue to decline in attendance.</p> <p>The attendance team also meets termly with the Devon attendance officer to analyse trends in attendance for groups of pupils and make changes accordingly.</p>
<b>Gaps in early reading outcomes for all eligible pupils are closed. The bottom 20% in</b>	<p>All eligible PP pupils achieved the Year 1 Phonics Screening Test pass mark in 22/23. The reading leader has ensured that the teaching of reading is consistently strong and ongoing monitoring ensures that rapid intervention is put in place to close gaps swiftly. Our reading leader in school is a specialist reading teacher working as part of the</p>

<p><b>reading are targeted in a timely way to ensure that all pupils are reading by 6.</b></p>	<p>Ilsham English Hub and supports staff with professional development and coaching to ensure that teaching and learning is the highest quality and all eligible pupils, including the bottom 20%, make progress from their starting point. There are additional 1:1 intervention daily for children identified in the bottom 20% to close their bespoke gaps in knowledge and help them to make accelerated progress</p>
<p><b>Gaps in writing across the school trust for all eligible pupils are closed at both expected and greater depth.</b></p>	<p>We are beginning to close the gap for eligible pupils achieving the standard in writing and impact has been seen this year from our new writing approach. The professional development for staff has focused on pedagogy, specifically modelling and scaffolding this year, as well as beginning to support teachers in ‘deepening the moment’ to enhance children’s writing.</p> <p>Key Stage Two outcomes were above nationals: 86% of all pupils achieved the expected standard and 66% of eligible pupils.</p>
<p><b>A full time Family Support/Safeguarding Lead works with eligible pupils and families. Pupils and families are supported in a timely way to ensure that disruption to education is minimised and barriers are overcome.</b></p>	<p>The safeguarding leads, SENDCo and family support worker work closely together with each other to ensure that they have a clear understanding and joined up knowledge of the families, children and behaviours in school. The school vision leads the deep understanding of and championing of a culture of inclusion for all pupils and families. The Family Support worker liaises with the senior leadership team to work closely with our most vulnerable pupils – our biggest area of need is supporting children with SEMH needs. The impact of the work from the team is evident in the attendance of pupils despite the barriers that they face. This support work dovetails with a whole school approach which ensures that we track and monitor the engagement of eligible pupils in extra-curricular activities so that we can provide more opportunities.</p>
