

South Hams Hub: Modern Foreign Languages Overview

Our Overarching Curriculum Intent

Our curriculum is the beating heart of our academy and is rooted in John 10:10.

"I came that they might have life and live it to the full"

Our children will flourish through experiencing a knowledge-rich curriculum which is both broad and balanced and fosters a love of learning, enabling all children to make connections and be well prepared for the next stage of their education.

Curriculum Intent for Modern Foreign Languages

"One language sets you in a corridor for life. Two languages open every door along the way".

Frank Smith (Psycholinguist)

As linguists, our children will deepen their understanding and respect for the world and cultural differences in other countries. We are committed to developing a love of languages to encourage students to become curious and interested in the world. Using authentic texts, pupils will embed the skills of listening, speaking, reading and writing in another language. This learning will be applied in a variety of contexts, enabling them to build an understanding of the language structures, patterns and sounds, stimulating their curiosity about language. Children's knowledge of how language works will be developed to lay foundations for the future.
